### Relevant Previous Decisions of Council

*Ordinary Council Meeting – 16 September 2024 – OCM243/09/24 - COUNCIL RESOLUTION - **extract***

*1. NOTES the Strategic Risk Register Review as contained within this paper.*

### Background

Risk Management is a framework of culture, processes and structures directed towards the effective management of risk. This includes consideration of both potential opportunities and adverse effects on existing operations. As all actions and transactions involve risk, effective Risk Management involves the anticipating, understanding and monitoring of risk. It contributes to good corporate governance by providing reasonable assurance to Council, Executive Management and the community that the organisational objectives will be achieved within a tolerable degree of residual risk.

In September 2020, Council, on recommendation from the Committee, endorsed the Shire's new Strategic Risk Register and approved the revised Council Policy Risk Management (OCM281/09/20).

These are important achievements towards improving the risk management processes at the Shire as they provide a mechanism for Shire executives to manage risk at a strategic level and an avenue for the Committee and Council to monitor strategic risk through quarterly reporting.

### **Statutory Environment**

Each matter must be the subject of a review not less than once in every 3 financial years (r. 17(2)).

The most recent review of risk management was completed by the Shire in the 2021-22 financial year and considered by the Committee at its February 2022 meeting. The next review is due no later than 30 June 2025.

<b>6.2 - Local Government Reforms (SJ2195)</b>	
<b>Responsible Officer:</b>	Manager Corporate Performance
<b>Senior Officer:</b>	Director Corporate Services
<b>Disclosure of Officer's Interest:</b>	No Officer involved in the preparation of this report has an interest to declare in accordance with the provisions of the <i>Local Government Act 1995</i> .

### Authority / Discretion

Information	For the Council / Committee to note.
-------------	--------------------------------------

### Report Purpose

The purpose of this report is to advise the Committee on the proposed reforms to the *Local Government Act 1995* that relate to the Audit, Risk and Governance Committee.

### Relevant Previous Decisions of Council

Nil.

### Background

In 2022, the State Government announced a package of local government reforms under the headings of:

1. Earlier intervention, effective regulation and stronger penalties
2. Reducing red tape, increasing consistency and simplicity
3. Greater transparency and accountability
4. Stronger democracy and community engagement
5. Clearer roles and responsibilities
6. Improved financial management and reporting

The first tranche of reforms was introduced in 2023 under the *Local Government Amendment Act 2023*.

The second tranche of reforms are being implemented under the Local Government Amendment Bill 2024 (Amendment Bill), which was introduced into Parliament on 15 August 2024.

The Amendment Bill introduces the Local Government Inspector and monitors for early intervention and the resolution of issues, as well as a range of other reforms that focus on good governance and decision-making at council and committee meetings.

### Community / Stakeholder Consultation

Nil.

## Statutory Environment

In addition to amending the *Local Government Act 1995*, the Amendment Bill will make consequential amendments to a range of other Acts, including:

- *Constitution Acts Amendment Act 1899*
- *Corruption, Crime and Misconduct Act 2003*
- *Waste Avoidance and Resource Recovery Act 2007*.

## Comment

The Amendment Bill includes a range of reforms that relate to Committees of Council and specifically, the Audit Committee. While the Bill is yet to pass Parliament, and the supporting regulations are expected to take some time to develop and introduce, a summary of the changes are outlined below.

	Proposed Reform	Impact to the ARG
Meetings behind closed doors	By default, council and committee meetings must be open to the public.	No change. The Shire's ARG meetings are already open to the public and will be livestreamed as a matter of course.
Reasons to close a meeting	The Amendment Bill limits the reasons to close a meeting, and if a meeting is closed, the reason why the meeting is closed must be recorded, along with a description of how the local government sought to maximise the publicly available information.	Limited changes other than additional information to be included in the minutes if a meeting goes behind closed doors.
Audit Committee - name	Audit committees are renamed to an "Audit, Risk and Improvement Committee" (ARIC).  The name change is to reflect the strategic approach intended for the ARIC.	Committee to be renamed, terms of reference to be updated and all other administrative references to also be updated.
Establishment	The Local Government is to establish its ARIC no later than 6 months after the provisions in the Amendment Act are proclaimed.  Proclamation will depend on the development and gazettal of the supporting regulations.	Until the new Committee is established, the existing committee continues in place.  Once the regulations are gazetted, until the ARIC is established, the functions of the existing committee will

	<b>Proposed Reform</b>	<b>Impact to the ARG</b>
		change to the functions prescribed for the ARIC.
Shared ARIC	Two or more local governments may agree to establish a single ARIC.	The Shire is not intending to have a shared ARIC.
Membership	An employee of the local government cannot be a member of the ARIC.	There are currently no employees on the ARG Committee.
Presiding Member	The ARIC is required to have an independent presiding member. The deputy presiding member must also be independent. Appointments are made by Council by absolute majority  Local governments can share an independent presiding member.	New appointments will be required for the independent members. Detail on the mechanism for this process is not currently available.
Audit, Risk and Improvement Committee - functions	Functions of the ARIC will be prescribed in regulations. It is suggested it will be widened to include governance and improvement, in addition to audits.  Only certain powers and duties will be able to be delegated to the ARIC from Council.	There is currently no information available on the content of the proposed regulations, including what functions and powers can be delegated.  When the regulations are available, the Committee's terms of reference will require updating and additional matters may need to be referred to the Committee for consideration.
Council committees	Council can establish Committees that have an advisory or decision-making function.  Council will now appoint the presiding member and deputy presiding member via absolute majority (instead of it occurring via secret ballot).  A local government must appoint the presiding member and deputy by absolute majority no later than 1 July 2025.	The timing implications of the new provisions on the existing Audit, Risk and Governance Committee and the future ARIC, are unclear.  It is possible that the presiding member of the Audit Committee will need to be appointed twice (by absolute majority) on separate occasions. Firstly, before the 1 July 2025 for the existing Audit, Risk and Governance Committee,

	Proposed Reform	Impact to the ARG
		and secondly, when the ARIC provisions are proclaimed, to appoint the new independent presiding member.

Limited information is available on the proposed functions of the expanded Audit, Risk and Improvement Committee (ARIC) as the functions will be prescribed in regulations.

On the basis of the Local Government Act Review Panel Final Report, which a number of the current Local Government Reforms are based on, the functions of the ARIC could include:

- Developing an audit plan which focuses on compliance, risk (including procurement), financial management, fraud control, governance and delivery of the Council Plans;
- Identifying continuous improvement opportunities and monitoring programs and projects in this area;
- Conducting the mandatory internal audits as outlined in the audit plan; and
- Providing advice to the Council in relation to these matters.

The Review Panel also suggested that the Presiding Member could have a more public role, including addressing Council on relevant matters, reporting at the Annual Electors' Meeting and preparing a statement in the annual report.

In New South Wales, Local Governments are required to have Audit, Risk and Improvement Committees. Legislation requires that the Committee has a role in overseeing internal audit activities, reviewing the performance and efficacy of activities over each four-year period, and monitoring and reviewing the Council's risk management system. This could be a model that is used for the development of the supporting regulations in Western Australia.

Due to the significant number of unknowns regarding the detail of the supporting regulations and the timing of the amendments, no actions are recommended for the Audit, Risk and Governance Committee at this time.

## Options

### Option 1

That the Audit, Risk and Governance Committee RECOMMENDS that Council NOTES the proposed reforms to the *Local Government Act 1995* that relate to the Committee, as contained within this paper.

Option 1 is recommended.

## Conclusion

This report outlines the proposed changes to the legislative framework that will impact the Audit, Risk and Governance Committee.

**Financial Implications**

There are no current financial implications with this report.

The introduction of an independent presiding member and deputy presiding member will have financial implications due to the cost of meeting fees for each member. #### Background

The Shire of Serpentine Jarrahdale Bush Fire Service – Brigade Operating Procedures (BOP) is established under the *Shire of Serpentine Jarrahdale Bush Fire Brigades Local Law 2021* and outlines the working structure of the Bush Fire brigades. Following changes to *Work Health and Safety Regulations 2022* it was identified that a review of the Shire's Bush Fire Service – Brigade Operating Procedures was required to ensure compliance with Work, Healthy and Safety legislation.

Engagement with the Bushfire Brigade members was undertaken through the brigade enhancement working group throughout 2023. This consisted of a selection of volunteers from all brigades.

Additional consultation was undertaken with the brigade captains in August 2024. All feedback provided by the captains has been incorporated in the document.

### Statutory Environment

- *Local Government Act 1995*
- *Work Health and Safety Act 2020*

- *Equal Opportunities Act 1984*

### Comment

The revised Brigade Operating Procedures incorporate several key changes. These changes include aligning the procedures with the *Work Health and Safety Act 2020* and the *Work Health and Safety Regulations 2022*. A summary of the changes and updates is provided below:

Update	Comment

Procedure Updates	Outdated procedures have been removed. Clarifications have been made to voting eligibility and meeting procedures.

The revised Brigade Operating Procedures provides the Shire with a contemporary working structure for the Bush Fire Brigades. The review has identified that further improvements to the BOP are currently limited by provisions of the *Serpentine-Jarrahdale Bush Fire Brigade Local Law 2021*. Officers propose to initiate a review of the local law to support contemporary Bush Fire Brigade management principles.
