1	<p>Attached is our OBJECTION to changing the street name of Evan’s Way and George Street.</p>  <p>OBJECTION to the change of name from Evans to Pugh Way.</p> <p>We are the registered proprietors of an affected property.</p> <p>I refer to the proposed renaming of Evans Way to Pugh Way. The understanding of Pugh relates to a controlled convergence method of implication and design. My view of this renaming to Pugh Way gives more consideration to the Byford Metronet Station than the business owners, land owners, whose street address is synonymous to their recognition of existence.</p> <p>We are of the opinion that this site development included road construction of Evans Way and some of the western side of George Street. Not only do we pay almost \$80,000 per annum, consideration should be given high priority to leaving the identifying street name, Evans Way.</p> <p>Given consideration to the name, Pugh, sounds like a projected potion of sickness as well as a surname.</p>	<p>Thank you for your submission. This has been taken into consideration in the report to Council.</p>
