Definitions

Trellis means an architectural structure, usually made from an open framework or lattice of interwoven or intersecting pieces of wood, bamboo or metal that is normally made to support and display climbing plants, especially shrubs.

Horse Shelter means a small building unenclosed on at least one side for the purpose of providing a place for horses to be protected.

Words or expressions defined in the *Planning and Development Act 2005*, any regulations made under that Act, in the Scheme or the Residential Design Codes (R-Codes) have the same meaning in this Policy.

Background

Schedule 2, Part 7, Clause 61, of the Planning and Development (Local Planning Schemes) Regulations 2015 (The Deemed Provisions) sets out the type of works or uses that do not require development approval from the Local Government. Sub-clause 61 (1)(i) and 61 (2)(e) provides the ability for the Local Government to adopt a Local Planning Policy to specify any other works or uses that do not require development approval.

The purpose of this Local Planning Policy is to define what forms of development in addition to the types listed in Clause 61 are exempt from the need to obtain development approval.

This Policy applies to all zoned land applicable under the Shire of Serpentine Jarrahdale Town Planning Scheme No.2 except the Rural Groundwater Protection Zone and within areas identified as 'Places of Natural Beauty' under Appendix 7 of the Scheme.
